Tony Lim

PENULTIMATE SOFTWARE ENGINEERING STUDENT

+XX XXX XXXXX | tonylim8669@gmail.com | tonylxm.com | GitHub | LinkedIn | Auckland, NZ

EDUCATION

The University of Auckland Expected: Nov 2025

Bachelor of Engineering (Honours) – Software Engineering

- Engineering GPA: 8.5/9 (A/A+)
- Dean's Honours List (2023) – top 5% of cohort
- Dean's Leadership Programme (2024)
- Top Achiever's Scholarship ($20 000)

EXPERIENCE

Software Development Intern | *Angular, TypeScript, Node.js, SQL, Bootstrap 3* Dec 2023 – Feb 2024

Emergency Q

- Full stack development for an award-winning healthtech company reducing overcrowding by transferring 170,000+ patients out of hospital emergency departments into primary care, saving 0.8M waiting time hours.
- Automated **30 min manual work** per EQ product demonstration by improving patient management portal.
- Designed **8 new API endpoints** and integrated with frontend and **AWS Lambda microservice** architecture.
- Fixed **6 production bugs**, preventing potential disruptions to customer experience.

PROJECTS

AI-Powered Plant Matching | *React, Next.js TypeScript, Firebase, OpenAI API, Pixabay API* GitHub Repository

- **1st place** at the DEVS Hackathon 2024 in a team of 6 developers building a full stack application over 48 hrs.
- Leveraged **OpenAI API** for AI-driven preferences matching to plants and **Pixabay API** for image generation.

EscAIpe Room Game | *Java, JavaFX, CSS, OpenAI API* GitHub Repository

- Worked in a team of 3 developers to create an escape room GUI application for our 'client' Brain-e-Riddlers.
- Integration of **OpenAI API** generates unique riddles and personifies gamemaster AI with prompt engineering.
- Incorporating **multithreading** improved response times significantly, saving **3 seconds delay** per request.

LEADERSHIP

President Oct 2023 - present

Software Engineering Students Association (SESA)

- Led an executive team of 17 to run social and career-focused events for **550+ members**.
- Led hackathon committee of 25 to organise and run the annual SESA x WDCC Hackathon - **NZ's largest tertiary hackathon** with **300+ sign-ups, 120+ attendees** and **15 teams** competing.

Sir Colin Maiden Scholar July 2024 - present

Dean's Leadership Programme

- **1 of 30 selected**, being recognised as a potential **future leader** within the Faculty of Engineering.
- Breakfast sessions & professional development workshops with industry leaders and executives.

TECHNICAL SKILLS

Languages: Java, TypeScript/JavaScript, Python, HTML/CSS, SQL, C, MATLAB, LaTeX
Frameworks: React, Angular, Tailwind CSS, Bootstrap 3, JUnit, Mocha (unit, component & integration testing)
Technologies: Node.js, Git/GitHub, AWS Lambda, MySQL, Bitbucket
