Tony Lim

PENULTIMATE SOFTWARE ENGINEERING STUDENT

+64 22 061 1495 | tonylim8669@gmail.com | tonylxm.com | GitHub | LinkedIn | Auckland, NZ

EDUCATION

University of Auckland 2022 – 2025

Bachelor of Engineering (Hons) – Software Engineering

- Engineering GPA: 8.5/9 (A/A+)
- Top Achiever's Scholarship ($20 000)
- Dean's Honours List (2023) – Top 5% of cohort

Rosmini College 2015 – 2021

- Head Boy
- Dux Litterarum
- Robert Ned Covich Scholarship for Engineering ($7 500)

EXPERIENCE

Software Development Intern | *Angular, TypeScript, Node.js, Bootstrap 3* Dec 2023 - present

Emergency Q

- Contributed over 20 frontend and backend improvements to EQ patient management portal
- Created and integrated 2 new API endpoints
- Developed a new app association feature that reduced redundancy by 20%

EY Career Compass Programme Sep 2023

EY New Zealand

- 1 of 30 selected for EY's two-day professional development programme
- Participated in a case competition with 5 min presentation (which my team won!)

PROJECTS

EscAIpe Room Game | *Java, JavaFX, CSS* GitHub Repository

- Worked in a team of 3 developers to create an escape room game for our 'client' Brain-e-Riddlers
- Integration of OpenAI API generates unique riddles and personifies GameMaster AI with prompt engineering
- Incorporating multithreading improved response times by up to 3 seconds

XV (X/Twitter clone) | *React, Firebase, TailwindCSS* Deployed Application

- Worked in a team of 5 developers at the SESA x WDCC Hackathon 2023
- Full stack application of a medieval social media web app with a landing page and secure authentication
- Real-time feed, post character limiting and friending system

LEADERSHIP & EXTRACURRICULAR

President Oct 2023 - present

Software Engineering Students' Association

- Elected as the SESA President for 2024
- Leading an executive team of 16 to run social and professional career events for the 350+ SE students at UoA

Software Cohort Representative Feb 2023 - Nov 2023

UoA Student-Staff Consultative Committee

- Gathered and presented feedback to AUSA, Engineering faculty and ECSE department
- Organised and ran annual ESCE Electives Night (100+ attendees)

TECHNICAL SKILLS

Languages: Java, Python, JavaScript/TypeScript, HTML/CSS, C, MATLAB, LaTeX

Technologies: React, Angular, Node.js, Tailwind CSS, Git/GitHub workflow, Git Bash, Bitbucket, Jira, Confluence
