Tony Lim

PENULTIMATE SOFTWARE ENGINEERING STUDENT

+64 22 061 1495 | tonylim8669@gmail.com | tonylxm.com | GitHub | LinkedIn | Auckland, NZ

EDUCATION

University of Auckland 2022 – 2025

Bachelor of Engineering (Hons) – Software Engineering

- Engineering GPA: 8.5/9 (A/A+)
- Top Achiever's Scholarship ($20 000)
- Dean's Honours List (2023) – Top 5% of cohort

Rosmini College 2015 – 2021

- Head Boy
- Dux Litterarum
- Robert Ned Covich Scholarship for Engineering ($7 500)

EXPERIENCE

Software Development Intern | *Angular, TypeScript, Node.js, SQL, Bootstrap 3* Dec 2023 - present

Emergency Q

- Full stack development for an award-winning healthtech company reducing wait times by transferring 155,000+ patients out of hospital emergency departments into primary care.
- Automated 30 min manual work per Emergency Q product demonstration by implementing changes to patient management portal.
- Designed 8 new API endpoints and integrated with frontend and AWS microservice architecture.
- Fixed 6 production bugs, preventing potential disruptions to customer experience.

PROJECTS

EscAIpe Room Game | *Java, JavaFX, CSS* GitHub Repository

- Worked in a team of 3 developers to create an escape room game for our 'client' Brain-e-Riddlers.
- Integration of OpenAI API generates unique riddles and personifies gamemaster AI with prompt engineering.
- Incorporating multithreading improved response times significantly, saving up 3 sec per request.

XV (X/Twitter clone) | *React, Firebase, TailwindCSS* Deployed Application

- Worked in a team of 5 developers at the SESA x WDCC Hackathon 2023 to build a full stack medieval social media web app with real-time updating feed, post character limiting and friending system.
- Text and image upload, landing page, login in/sign up with secure authentication.

LEADERSHIP

President Oct 2023 - present

Software Engineering Students Association

- Elected as the SESA President for 2024.
- Leading an executive team of 16 to run social and professional career events for the 350+ SE students at UoA.
- SESA co-organises the SESA x WDCC Hackathon - NZ's largest student-run hackathon with 100+ attendees.

Software Engineering Cohort Representative Feb 2023 - Nov 2023

UoA Student-Staff Consultative Committee

- Gathered and presented feedback to AUSA, Faculty of Engineering and the ECSE department.
- Organised and ran annual ESCE Electives Night for 100+ attendees.

TECHNICAL SKILLS

Languages: Java, Python, TypeScript/JavaScript, HTML/CSS, SQL, C, MATLAB, LaTeX

Frameworks: React, Angular, Tailwind CSS

Technologies: Node.js, Git/GitHub, Bitbucket, Jira, AWS microservices, MySQL, component, unit & integration testing
